

How do I find my lab results? Follow these simple steps to locate your lab results on the PCA Portal.

Listed below are step-by-step instructions on how to locate your lab results in the portal. Please discuss the interpretation of these results with your physician.

1. Start on the [Home Page](#) Tab.
2. Look in the Messages Box toward the bottom of the page.
3. "[Click Here](#)" to view Your Medical Documents in the 2<sup>nd</sup> row of the Messages Box.
4. Look for the section entitled [OTHER CLINICAL INFORMATION](#) (blue header on the left hand side of the page.) Click on "[Click Here.](#)"
5. At the top right hand side of the page, click on the blue words [DIAGNOSTIC RESULTS](#). All of your lab results from 2006 to the present time are located here.

If you are still unable to find your results, please contact the office at 708-484-0042.
